STEMCO Kaiser receives President's Safety Award from EnPro Industries

(Millington, Michigan - April 27, 2011) STEMCO Kaiser is pleased to receive the 2010 President's Safety Award from its' corporate parent, EnPro Industries. STEMCO Kaiser is being recognized for world-class safety performance in 2010 including operating over two years without a lost time accident. The award was granted at an employee luncheon and celebration held at the STEMCO Kaiser facility today, April 27th. EnPro's president and CEO, Steve Macadam, presented the Safety Award to the employees of STEMCO Kaiser. EnPro is nationally recognized as one of the Safest Companies in America by *Occupational Hazards* magazine.

"I am extremely proud of the STEMCO Kaiser team. The culture of safety at STEMCO Kaiser is a direct result of the true commitment, passion and dedication of the employees," said Todd Anderson, STEMCO Kaiser vice president and general manager. "Safety is a critical element of our business success and being recognized in this category is an honor."

Since becoming a part of EnPro Industries in early 2008, progress has been made in virtually every area of the STEMCO Kaiser business. In particular, progress has been realized in the following areas:

- Maintaining a manufacturing plant and presence in Michigan
- Supporting a 25% increase in employment
- Experiencing a 20% compound annual growth rate in revenue
- Driving strong growth in international markets – Canada, Mexico, South America, Australia
- Investing over \$1M in capital projects for capacity expansion and new product development
- Working with the Michigan Economic Development Council (EDC) and Tuscola County EDC

While proud of these accomplishments, the progress made in workplace safety is also very significant. Each employee has participated in safety blitzes, behavioral safety training, safety action teams and many other activities that promote and drive safe practices and behaviors. With the belief that every accident can be prevented, investments have been made in training, safety and ergonomic improvements while realizing significant revenue growth and strong profitability.

With offices and manufacturing facilities in Millington, Michigan, STEMCO Kaiser provides king pin and suspension kits with superior performance, long-life and simple installation. STEMCO Kaiser is an EnPro Industries, Inc. (NYSE: NPO) company. EnPro is a leader in the manufacture of sealing technologies and engineered products for use in critical applications by industries worldwide.
